They have a maximum of 21 business days from today’s date to draft the response.
2. **Eligibility analysis:** Once we receive Management’s response, we will issue our determination within 21 business days through an eligibility memorandum. The deadline for the issuance of the memorandum is **July 26, 2016.**

Within the next few days the record of your Request will be entered into the Public Registry of the MICI’s website ([www.iadb.org/mici](http://www.iadb.org/mici)), where you can check the status of your Request and where all of the public documents pertaining to the case will be published.
